

SOUTHBOUND MOTOR TRIMMERS

FULL PRICELIST FOR 2022

Updated: December 2022

If you've had to buy Porsche materials or fittings to make a repair to the trim of your car, you'll be aware of how expensive they are.

We have a range of Original Equipment (O.E.) German materials available:

- The correct carpet by the metre or as ready to fit sets, from 356 right through to current models including salt and pepper as fitted to early 1970's cars.
- Many original cloths including Pinstripe, Logo etc as used during the 1980's.
- Leather, most of the current colour range is available in full or half hides.
- Vinyl for panels and seats.
- Targa outer roof and headliner materials (also ready made covers).
- Mohair hooding for cabriolet models by the metre or supplied ready made. We can also supply new, clear, flexible rear window glass.
- Hood fittings, Tenax studs and buttons (German) black finish.
- Door panel clips, door fittings, Targa roof fittings, seat hex cap bolts and many other accessories (all of the above is sourced from Germany and are the correct fittings or a compatible equivalent).

All materials and fittings represent a significant saving over Porsche prices [without sacrificing quality or attention to detail.](#)
